

JEROME IS DEFEATED BY EVELYN

In the Contest of
Words Lasting Over
Four Days

And She Left the Stand
After Cross-examin-
ation Unimpeached

ABE HUMMEL WAS A WITNESS

But Delmas Blocks Jerome's
Effort to Get Evidence
From Him.

New York, Feb. 26.—Evelyn Thaw has triumphed over Jerome. The prosecutor ended his cross examination of the girl at 12:30 today, and at its conclusion, she was smiling, confident and still fighting. Jerome had weakened her story in places, but in the main, the young witness had defeated her trained adversary in the unequal war of words which has lasted four days and a half.

Coupled with the girl's victory, another was scored by Delmas for the defense who neatly blocked Jerome at every turn when the latter sought to discredit Evelyn by putting ABE HUMMEL, the disbarred attorney, who formerly acted for Stanford White, on the stand. This "star" state witness was not able to shed the faintest light on the past life of the former chorus girl. Checkmated, Jerome had no course but to withdraw Hummel and conclude with Evelyn.

Near the finish the prosecutor struck what was probably his most effective blow at the girl, when he introduced her school diary, the notes in which tended to show the state of mind at the time she went to Pompton. Jestful remarks about her "virtuous white bed," and "a weakness for Rector's which she knew was not a proper place for young girls" were read to the jury. If Jerome was baffled, his expression did not betray his feelings as he left the court room at the noon recess.

Glancing back over Evelyn's testimony, direct and under cross examination, the general impression is that she had proved an exceptionally strong witness. The importance of her direct testimony is readily understood. In the main it remains unshaken. If Jerome's attack has found a vulnerable spot, it has been the girl's character, rather than her veracity.

EVELYN FACED PERJURY.

It was generally understood that when court opened, Evelyn faced possible exposure as a perjurer, either by her own signature for making false statements in the affidavit if it should be proved genuine, or through her denial of it on the witness stand. But there were many weaknesses in

Jerome's proof as was acknowledged by every one familiar with the situation. Hummel, who was on hand early, is today under conviction for conspiracy with an additional charge of subordination of perjury hanging over him. And the man who placed him in this position is Jerome. How much importance the jury will attach to anything Hummel said can only be guessed.

Evelyn herself had left loopholes of escape from the ignominy of being branded a perjurer which it was admitted Jerome would have a hard time in plugging up. She testified she never saw the affidavit; that the paper she signed had been covered when she attached her signature. She could not remember swearing to any statement. Jerome could not make her admit that the statement from which he quoted was the same prepared by Hummel in her presence.

One admission she did make which offered no possibilities to Jerome was that she heard Hummel dictate the affidavit to his stenographer. Before the trial opened there was much doubt whether Evelyn would be called to the stand today. Jerome announced yesterday he might not call her, preferring to impeach her testimony if he could through other witnesses.

It was known the defense would question the young wife further in regard to the affidavit if the testimony of Hummel and his companions should present Evelyn in a bad light. Delmas had prepared himself to cross-examine these witnesses thoroughly however, and it was anticipated several hours would be required to complete this examination.

When Jerome announces he is through with Evelyn there will probably be a few hours for the witness under Delmas handling.

This will be to present some of the dark testimony Jerome has drawn from her in a more favorable light.

Just what the defense will do after Evelyn is finally withdrawn is problematical. More expert testimony has been promised but in view of Thaw's fears that his own experts are preparing the way to send him to Mattawan they may be dispensed with. Mrs. Thaw, the mother, may be excused from testifying on the same ground. Beyond this little is known of the testimony the defense has in store.

THAW IN GOOD SPIRITS.

Abraham Hummel, the disbarred attorney, who promises to be the state's club with which to knock out Evelyn Thaw's testimony, was an early arrival at the court this morning, taking a seat within the rail and gazing about for several minutes with a grin that seemed to indicate his pleasure at again being back in court.

Court was called to order at 10:40. Thaw and all of the attorneys being in their seats. The defendant appeared in particularly good spirits and busied himself with a portfolio and a number of letters.

Jerome at once read a letter from Dennison Lyon in reply to a request from the district attorney for letters written to Mr. Lyon as vice president of the Union National bank.

LAWYERS IN DISPUTE.

Mr. Lyon said Thaw's attorneys had requested him not to send letters written by Thaw after June 21, 1906, the date of the killing of White, and asked the judge to instruct him as to what he should do. Hartridge stood up and an argument ensued. When Lyon was on the stand two weeks ago, to tell about having Thaw's will in his custody from the time it was executed until it was turned over to Lawyer Gleason, he promised to send letters of instruction regarding the will in lieu of being kept in New York while the letters were sent for from his bank in Pittsburg. Hartridge in his reply to Jerome's request for an order to have all the letters sent here, said:

"I had a talk with the district attorney in regard to the letters. Mr. Lyon has and I asked if he wanted letters written after June 25th. He said no, and so I wrote to Mr. Lyon."

JEROME WANTED ALL LETTERS.

"My recollection is that I said I wanted all letters," said Jerome.

Justice Fitzgerald asked what authority he had for directing an order against a man out of his jurisdiction and Jerome admitted that there was no authority except in that Mr. Lyon

had promised to send the letters desired. Jerome declared however, that as he had excused Mr. Lyon without finishing his cross examination, it would all have to be thrown out unless the letters were produced. This, he insisted, would necessitate the throwing out of Thaw's will and codicil.

Hartridge asked that the record be referred to, saying he would agree to Mr. Lyon sending any letters he and Delmas promised to have forwarded when Mr. Lyon was excused.

The record shows Delmas had said he had no objection to Lyon sending all letters. After one or two more tilts between the lawyers, Hartridge agreed to withdraw his letter to Lyon and join Jerome in asking him to send all letters.

It was admitted that the court had no authority to send an order and that only in this way could the difficulty be overcome.

When the dispute had been settled Jerome called Abraham Hummel.

HUMMEL TAKES THE STAND.

The lawyer described by White to Evelyn as "an ugly little Jew with warts all over his face," was hidden from the spectators by the low partition when he was sworn.

He ascended the witness chair and sat looking over the room in which he was convicted of conspiracy and disbarred by Jerome, whom he has come to aid.

The smirking grin disappeared and his round shining bald head sunk down between the shoulders as the lines of the face slipped into their customary grimace of craftiness.

"Do you know Evelyn Nesbit Thaw?"

"Yes."

"When did you first meet her?"

"In 1901 or 1902."

"Where?"

"I do not remember."

"You met her before you saw her in your office?"

"Yes."

"Did she come to your office on October 27, 1903?"

"It was the latter part of 1903."

"I hand you the people's exhibit 76, and ask you, does this document refresh your memory?"

"Yes."

This document was a photographic copy of the affidavit Evelyn is alleged to have made in Hummel's office telling of Thaw's alleged cruelty and exonerating White.

Jerome was checked for the time being, however, in contradicting Evelyn's version of the affidavit she had made to Hummel by Delmas, and after a few questions he withdrew the lawyer from the stand. Delmas piled objection after objection in the prosecutor's path which Justice Fitzgerald sustained.

Jerome showed his chagrin but the legal obstacles were insurmountable for the moment, and he had to give way.

Delmas held that Jerome could not try to contradict Evelyn on collateral facts in connection with her testimony at this stage of the trial, when her own cross examination had only been suspended to allow the proving of the affidavit which Evelyn had repudiated. This contradiction must come, if at all, he argued in the state's rebuttal.

Abraham Snyder, one of Hummel's assistants, was asked only if Evelyn signed a paper in his presence in the famous Madison Square Garden tower the night of October 27.

U. S. INTERESTS IN PERIL

Martial Law Imposes Great Suffering
on Non-Combatants—Interven-
tion is Possible.

Managua, Nicaragua, Feb. 26.—San Marcos De Colon, a well fortified Honduran town, which was defended by Solomon Ordenez, the Honduran minister of war, at the head of a strong army, was captured by Nicaraguan forces at 4 o'clock Monday afternoon.

AMERICANS IN PERIL.

New Orleans, Feb. 26.—The rigors of martial law are being felt with all severity by the people of Honduras, according to advices brought to this city Monday by the steamships Anselm and Hiram, of the Fruit company, which arrived from Porto Cortez.

Two American priests, Father Kress of Cleveland O., and Leininger of Zanesville, O., were caught out on the street in Porto Cortez Wednesday night after 9 o'clock, and were promptly arrested by the sentries and confined in the quarter over night. Thursday morning the American residents put up such a strong plea for their release that the commandant finally yielded, and they were given their liberty.

The residents of Porto Cortez are living in terror lest they be bombarded by the Nicaraguan gunboat Ester. They are protected by the Honduran gunboat Tumbala, but fear it could not get out of the way of the larger boat.

Just before the Anselm sailed Drs Hector and Stewart, two Americans, arrived from the interior and reported that there had been a fight on the border, but details were lacking.

U. S. MAY INTERVENE.

Washington, Feb. 26.—Minister Corea of Nicaragua, will request the government to put a stop to the supplying of Honduras with munitions of war by American ships.

Unless Nicaragua and Honduras speedily agree to arbitrate their differences in response to the suggestion of the United States and Mexico it is not improbable that intervention will be resorted to.

WOMAN JUMPED FROM FERRY BOAT

New York, Feb. 26.—As the ferryboat Sag Harbor was nearing her dock at Long Island City today, a well-dressed woman, uttering a piercing scream, jumped into the water from the vessel and disappeared under the ice. Fully 1,000 persons on the ferryboat Babylon, bound for Manhattan, witnessed the suicide. There was great excitement on both boats and several women became hysterical.

NEW BRITISH AMBASSADOR, WHO HAS AR- RIVED.

NEW YORK, Feb. 26.—The Right Hon. James Bryce, Great Britain's Ambassador to America, who arrived on the Oceanic, expressed the belief that there was no possibility of war with Japan.

WASHINGTON, Feb. 26.—The Hon. James M. Bryce, the ambassador from Great Britain to the United States, was presented to the President by Secretary Root. The presentation took place in the blue room, and the usual felicitous speeches were made.

PROSECUTION ASKS VERDICT AGAINST

New York Central Railroad for Criminal
Negligence For the Harlem
Wreck Saturday.

New York, Feb. 26.—A formal request that the coroner's jury bring in a verdict that the New York Central railroad and its vice president, William J. Wilgus, were criminally negligent in connection with the wreck on the Harlem division of that road on Feb. 16, in which more than a score of lives were lost, was made by Assistant District Attorney Smith. His request was made after Professor Karl B. Lovell of Columbia university had testified that he had made computations which convinced him that the accident was due to the great weight and too great speed of the wrecked train.

DISASTROUS FIRES IN NEW YORK STATE

New York, Feb. 26.—Five thousand persons were driven into the snow-covered streets by a fire which destroyed the new Irving Music hall in Broome street and spread to several big tenement houses at the rear and either side. No lives were lost, however, and so far as can be learned no one was injured. The loss on the music hall and tenement houses is estimated at \$150,000.

Destroyed by Fire.
Niagara Falls, N. Y., Feb. 26.—The plant of the Acker Process company was destroyed by fire. Henry S. Fairchild, an electrician, was caught under a falling wall and killed. The loss is \$500,000. The company manufactures blacking powder, caustic soda, tin oxide and other products.

THIEVES LOOT FAMOUS CHURCH

Treves, Prussia, Feb. 26.—Thieves entered the famous Church of St. Paul through the vault of the martyrs, broke open the tabernacle and stole two monstrances, one of which Napoleon took from the Maximilian monastery and gave to the Church of St. Paul. The thieves also took a golden cup and other rare jeweled vessels used in the church services and valued at many hundreds of thousands of marks. Some of the articles stolen dated back to the seventh century. No clue to the identity of the thieves has been obtained.

TWENTY NEGROES BURNED TO DEATH

Clarkton, S. C., Feb. 26.—It is now known that 20 negro passengers were drowned or burned to death as a result of the burning of the steamer Marion, on Wardmalaw river. Details were received when Captain Ferguson filed his report with the government inspectors. The great loss of life seems to have been on account of the negroes becoming terror-stricken. There were seven white passengers, all of whom were saved.

TWO CENT FARE IN MISSOURI.

Jefferson City, Mo., Feb. 26.—After amending the two cent railroad rate bill Monday making the penalty for violation a fine of \$100 to \$500 the house passed the bill. The senate promptly concurred in the amendment and the measure was sent to the governor.

CONGRESS WORKS IN FINAL WEEK AND LEGISLATES

FINAL ACTION EXPECTED ON
SHIP SUBSIDY BILL BY
FRIDAY.

TO PENSION ARMY NURSES

Who Have Reached Age of 62—Santo
Domingo Treaty Ratified by
the Senate.

Washington, Feb. 26.—The ship subsidy idea secured a marked impetus in the house, which adopted a rule that probably will insure the passage by the house of the Littauer substitute for the senate bill and result before final adjournment in positive legislation. The rule was reported by Dalzell from the committee on rules in the shape of a resolution providing that the compromise bill shall be considered, with debate limited to five hours, and that the final vote shall be taken not later than next Friday afternoon at 3 o'clock. The rule was adopted by a vote of 153 to 122, 24 Republicans voting with the Democrats in opposition to the rule. The rule was agreed upon unexpectedly by the rules committee at a meeting held after the visit of Secretary Root to the capitol, and it was very generally understood that the administration was responsible for the committee's action.

The conference report on the Indian appropriation bill was adopted, as was the conference report on the bill providing for the allotment and distribution of Indian tribal funds. A number of small bills were passed.

The senate in executive session ratified the Santo Domingo treaty, which provides for the assistance of the United States in the collection and application of the customs revenues of the Dominican republic. The vote was 43 to 19, which is one more than the two-thirds required.

The senate passed the agricultural appropriation bill, carrying \$10,000,000; postoffice appropriation bill, carrying \$210,000,000; the pension appropriation bill, carrying \$145,000,000, and the bill authorizing the establishment of an agricultural bank in the Philippine Islands. The principal fight over the agricultural bill took place on the Beveridge amendment requiring the packers to pay the cost of administering the meat inspection law. This amendment was defeated on a point of order. Mr. Beveridge secured the adoption of an amendment which requires the date of canning and inspection to appear on the label of the can containing meat products.

Mr. Lodge secured the passage of the Philippine agricultural bank bill. An amendment to this bill offered by Senator Culberson, declaring the intention of the United States to be to abandon the islands as soon as a stable independent government should be established, was defeated.

The senate also passed a bill granting a service pension to army nurses. Those who are disqualified to earn a livelihood and have reached the age of 62 years are to receive \$12 a month; at 70 years, \$15, and at 75 years, \$20.

THE VACANCIES ON COMMITTEE WILL BE FILLED

French Lick, Ind., Feb. 26.—Thomas Taggart, chairman of the Democratic national committee, announced that ex-Congressman Martin J. Wade of Iowa City has been appointed to fill the vacancy as member of the Democratic national committee from Iowa to succeed Charles A. Walsh, and that Hon. Louis L. Williams of Juneau, Alaska, has been appointed a member of the committee from that territory to succeed Hon. A. K. Delaney deceased.

CALLED A HALT ON 2 CENT FARE BILL

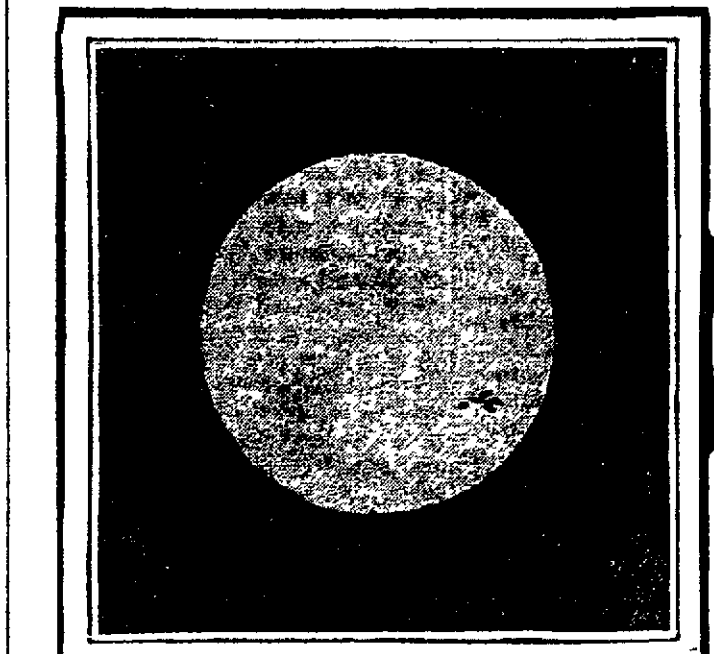

Springfield, Ill., Feb. 26.—A halt has been called on the two cent fare bill and it will not become a law unless all of its provisions are pronounced constitutional by competent authority. The bill was to have been advanced to third reading in the house today and passed on Wednesday. Instead of that, it will not be called up, either for amendment or for reference to the committee on railroads for amendment, but will remain on the calendar until the question of its validity has been settled.

SIX MURDERS CHARGED AGAINST A CHICAGO FORTUNE TELLER

Chicago, Feb. 26.—The grand jury has voted six true bills charging murder against Herman Billek the fortune teller, in connection with the deaths of six members of the family of Martin Vrzal.

The indictments charge the fortune teller with the poisoning of the father, his wife, Rose, and their four children, Mary, Tillie, Rosie and Ella. Hermann Billek Jr., 16 years old son of the fortune teller, testified that his father gave medicine to the members of the Vrzal family and at-

SUN SPOT EXPERT PREDICTS COLD WAVE OF MARKED SEVERITY SHORTLY.

PHOTOGRAPH OF THE LARGE SUN SPOT

New York, Feb. 26.—According to the man who predicted the great blizzard of March, 1888, the worst that may be expected from the sun spots now interesting the world is a cold wave of marked severity. This man, who is a scientist of repute and a close student of sun spots, is the Rev. Samuel G. Calhoun, pastor of the First Unitarian church of Syracuse, N. Y., and he is generally conceded to be weather wise, for his predictions of other storms in addition to the historic blizzard, due to sun spots, have been remarkable.

Others who have made a study of

THE REV. SAMUEL G. CALHOUN.

the phenomena assert that it portends storms of marked violence. Dr. Calhoun is one of the keenest observers of sun spots in the country. "When a great disturbance comes upon an already disturbed sun," says Calhoun, "I always expect some modification in the weather program."

In the grounds of his charming home Dr. Calhoun has a fine observatory fitted with a valuable telescope, beside other delicate equipment for the purpose of making special observations of sun spots.

Of the present sun spot Dr. Cal-

throp says: "The present great spot on this side of the sun when I first observed it was one of six spots for of them large. It grew steadily and now it is the largest since the great spot of February and March, 1905. I measure in a circle the diameter one hundred and twenty thousand miles in length and fifty thousand miles in breadth at its widest parts."

"I never forecast when the sun is highly disturbed, that is, when great disturbances appear on an already disturbed sun, but there will probably follow a severe cold wave within a few days."

Every Rexall Formula Is Public Property—And Always Has Been

This is an age of inquiry. Not since the time of the Civil War has there been so much agitation in the minds of the people on various subjects.

People "want to know" about everything.

We do not say that the public has grown skeptical—quite the contrary. We believe it is a day and age of enlightened, intelligent inquiry after facts.

Each man and each woman now-a-days wants to do his and her own thinking. They are not looking for any concentrated essence of wisdom boiled down and given to them in capsule form. They want to figure out for themselves what is right, and what is wrong, and what to do about it.

Public sentiment has forced the government of the United States to pass a law compelling medicine manufacturers to state on their labels any injurious ingredients their remedies may contain.

We believe that the Rexall remedies have had as much to do with the creation of this sentiment as any other one single element in the country.

Why?

Simply because the Rexall remedies, from their inception several years ago, started out on an entirely new line.

The first principle in the Rexall platform was one remedy for each ill—not a cure-all.

Second—no secret combinations. Every formula has always been open to the public; anyone can know what he is taking when he buys Rexall—and always could.

Third—every Rexall remedy has been sold on the basis of "money back" if you are not more than satisfied.

This is frank, square, open-handed business, that's all. But it made Rexall the greatest success in the medicine world in a very short time.

Rexall "93" HAIR TONIC

The famous Rexall "93" Hair Tonic is one of the 300 Rexall Remedies. It is composed in part of Resorcin, Beta Naphthol and Pilocarpin.

Resorcin is one of the latest and most effective germ-killing discovered by science, and in connection with Beta Naphthol, which is both germ-killing and antiseptic, a combination is formed which not only destroys the germs which rob the hair of its nutriment, but creates a clean and healthy condition of the scalp, which prevents the development of new germs.

Pilocarpin is a well-known agent for restoring the hair to its natural color, where the loss of color has been due to a disease of the scalp. It is not a coloring matter or dye.

This combination of curative agents, mixed with alcohol as a stimulant, perfects the most effective remedy for hair and scalp troubles known to day. Each bottle, 50c.

STOPPED THE SALE.

Lancaster, O., Feb. 26.—G. Stark Frambes of Columbus, stopped the sale of the chattel property of the Allegheny stone quarries Monday by securing a norder in replevin in the Common Pleas court. The chattels included the large store room, tools, machinery and also the lease, which Mr. Frambes held. The Allegheny Stone company brought suit to sell the property, but Mr. Frambes is the president of the Allegheny Stone and Sand company, which claims the property that the sheriff was about to offer for sale.

IN POLICE COURT.

George Fleming of Corning, a coal miner, dropped off an interurban car enroute from Columbus to Zanesville. Monday night, and stepped in a saloon to get a drink. He missed his car and that proved his undoing. While waiting for another car to Zanesville, the coal digger stowed away a few glasses of the Newark liquor which has long since been declared to be of doubtful quality, and was found at 11 o'clock by Officer Jamison, drunk. He told his story in police court Tuesday but was soaked \$5 and costs anyway.

PRESENT BADGE TO REV. SCHINDEL

Sam Williams Camp Spanish War Veterans do Honor to Retiring Commander.

At Memorial Hall Sunday afternoon Sam Williams Camp No. 23, United Spanish War Veterans, held one of the best, and in point of members present, the largest meetings in its history, upon the occasion of showing the love and appreciation of their commander, Captain J. C. Schindel, who has the distinction of being the only chaplain under fire in the Cuban war. Rev. Mr. Schindel leaves his charge at St. Pauls Lutheran church for his new pastorate at Kansas City, about March 3.

Every office was filled and two new recruits were mustered in. All officers who had not been mustered in at the regular muster were mustered in by the retiring commander. Kindly remarks were made by many comrades expressing their regrets in the loss of their beloved commander, but Newark's loss is Kansas City's gain.

At the conclusion of the initiation the Camp presented Mr. Schindel with a beautiful regulation past chaplain's badge. Captain Schindel showed his appreciation of the honor with a splendid reference to his associations with the members of Sam Williams Camp.

PROGRESS MADE IN BYWATERS TRIAL

Culpepper, Va., Feb. 26.—Mrs. Viola Bywaters, whose husband, Wm. F. Bywaters, was done to death by her brothers on her wedding night, is expected to take the stand today, a witness against her brothers. The question confronting the jury is, did Bywaters, by his marriage to Viola Strother, make complete reparation for the wrong it has been generally admitted he did her, and further, did the dead man really attempt to escape after the alleged enforced wed-

ding, with the intention of deserting the obligations then imposed upon him? By the end of this week, the verdict will, in all probability, have been returned.

DISCRIMINATING LADIES.

Enjoy Using Herpelide on Account of Its Distinctiveness.

The ladies who have used Newbro's Herpelide speak of it in the highest terms, for its quick effect in cleansing the scalp and dandruff and for its excellence as a general hair-dressing. It makes the scalp feel fresh and it allays that itching which dandruff will cause Newbro's Herpelide effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later baldness, in killing it. Herpelide stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. AT THE ORPHIUM.

Although this week's bill at the Orphium is a good one, it is scarcely appreciated by those who saw that of last week. The comparison is much like that of a basket of California peaches placed beside a basket of Ohio's product—all sweet, but one contains more sweet than the other.

The three DeBolson Brothers present a highly entertaining comedy acrobatic act in which their hard work is as much appreciated as is possible for the average Newark audience. Rapid fire tumbling usually pleases, and the DeBolson brothers certainly present it.

Ricardo introduces some very interesting experiments in magic which is worthy of a good place on the bill. His tricks are new and well performed. Budworth and Wells' comedy sketch wins the "laughs" of the entire bill. It is cute and original and will no doubt add to the patronage of the Orphium. The comedy singing turn put on by Williams and Mayer passes very well, and the singing of Miss Ethel Place is good also. Mr. Harry Eldon's moving pictures are fine this week, two views being presented, each of which is new here.

DEATHS AND FUNERALS

MRS. ANN STEVENS.

Johnstown, O., Feb. 26.—Mrs. Ann Stevens, one of the oldest and best known of the Pioneer women of Licking county, died at her home in Johnstown on Tuesday morning at 3:30 o'clock after an illness of two weeks. She was the only remaining member of the Gardner family, at an early day one of the most prominent families of the place, her brother, Andrew Gardner, a prominent business man of Indianapolis, having died last month. Mrs. Stevens was survived by two sons, Fred Stevens of Johnstown, and E. R. Stevens of Idaho. She was also the grandmother of F. S. Paige, the druggist of Johnstown. The funeral services will be held on Thursday and the interment will be made in the Johnstown cemetery.

HAND OF FORTUNE TURNED AGAINST FORMER GAMBLER

Chicago, Feb. 26.—The hand of fortune which once was so lavish in bestowing favors upon "Mike" McDonald, former political boss and big gambler, has been turned relentlessly against him. That the ill fortune that came to a climax a week ago when his wife, Mrs. Flora McDonald shot and killed Webster S. Guerin in his studio in the Omaha building, still is with him is evinced by his recent message telling him that his first wife was dying from the shock of the Guerin murder.

McDonald has not been keeping up a correspondence with his divorced wife, although he has been sending her money with which she has been paying her living expenses in a little village in New Jersey. The message therefore, which carried the news to him, was short and to the point. It merely said that Mary (Tootsie) Noonan was dying from heart disease as a result of the developments in Chicago.

The battle of alienists that is expected to result in the freedom of Mrs. McDonald has begun. Attorney Trude drew up an application for a restraining order to prevent the alienists employed by State's Attorney Healy from making daily examinations of the woman. The application at once was taken into Judge Newcomer's court.

TOBACCO KILLS

An Absolute "Stopper" for the Brain-Killing, Nerve Destroying Tobacco Habit Has Been Found.

Send for a Trial Treatment Today. The tobacco habit is a curse, and every man knows it. Some "smart kids" don't know it. Most men would like to quit, if they knew they could do it "easy," without causing them discomfort.

"Easy-to-Quit" is a treatment that will make the smoker and the chewer absolutely quit for good the use of tobacco in any form.

THE START.

You know what the finish will be unless you cure him of the awful habit. He cannot do it himself.

Tobacco deadens the brain, stupefies the conscience, ruins the affections, brings the beast to the surface. Most tobacco users are the last ones in the race for success. Business men nowadays are looking around for men and boys who are not tobacco slaves,—for clear-headed, strong-nerved helpers, who can be relied on.

It takes only ten minutes for tobacco to change the beats of the heart. To keep it up is to tempt death by heart disease, nervous collapse, tobacco cancer, and stomach, liver or kidney diseases.

For the young cigarette fiend who has become so calloused that he smokes in the face of his mother, sister, wife or sweetheart, "Easy-To-Quit" is a salvation.

Mothers, save the young smoker's brain, he cannot do it himself. Wives, sisters and sweethearts, help save the mind, body and future of some one who is near and dear to you. Without your help it may not be done.

"Easy-To-Quit" is a positive, absolute "stopper" for any tobacco habit. It is a vegetable remedy and any lady can give it SECRETLY in food or drink. It is harmless; leaves no reaction or bad after effects, and it stops the habit to stay stopped.

CAPT. LOVETT WAS APPOINTED AS SUCCESSOR

TO THE DATE JUDGE S. M. HUNTER'S MEMORIAL HALL TRUSTEE.

The Unexpired Term Will End July 19, 1913—Landlord Makes Assignment.

Captain W. A. Lovett, a veteran of the Civil war, was Tuesday appointed by Judge C. W. Seward, as trustee of the Memorial Hall to fill the unexpired term of Judge S. M. Hunter, deceased. Captain Lovett's term will expire July 19, 1913. There were quite a number of candidates for the position.

Made an Assignment.
Morgan Faucett, proprietor of the Faucett House, in the West End, has made an assignment of his property for the benefit of his creditors to Ira M. Phillips. The assets are placed at \$10,500, and the liabilities at \$8,500.

In Divorce Courts.
The case of Thomas J. Hitchcock vs. Amanda Hitchcock, suit for divorce, was called in the Probate court Tuesday morning. The parties were married in December of 1883, and one son now 22 years old, was born of the marriage. The case has been brought three different times and has been dismissed twice. The court granted the decree on the grounds of cruelty and infidelity. The divorce case of Jennie Smith vs. William B. Smith was tried in the

Probate court Tuesday morning. Attorney B. G. Smythe acted for plaintiff and the defendant made no answer. The defendant is a well known hotel clerk of this city and the parties have been married about ten years. No children have been born of the marriage. A decree was granted plaintiff on the grounds of habitual drunkenness for more than three years.

Habitual Truancy.
Raymond Haas, a young lad aged 13 years was brought into the Probate court on complaint of Truant Officer Jones for habitual truancy. The boy who is a son of Mr. and Mrs. Robert Haas of the East End, was found guilty once before of truancy and given a suspended sentence of the Boys' Industrial School at Lancaster. The testimony of the truant officer showed that the boy had been absent from school the greater portion of the time for several months past and did not intend to return. The father and mother were ordered to be present at the hearing and the court, in giving its decision, said that it was unreasonable to think that all the blame should attach to the child, and that the father and mother must bear their share of the responsibility for the boy's truancy. The court further said that it was very reluctant to send any boy away from home to the reformatory, and that it would give the boy one more chance before finally sending him to the Lancaster reformatory, and that it would also say that if the boy was brought before the court for any delinquency he would be committed to the Boys' Industrial School, and that the parents would be committed to the county jail for contributing to the boy's delinquency.

Married 51 Years

Mr. and Mrs. F. A. Weiblen, of 567 Forest Street, St. Paul, Minn., who have been married fifty-one years, are hale, hearty and vigorous. Mr. Weiblen at the age of seventy-one and Mrs. Weiblen at the age of seventy-three, thanks to the great renewer of youth, Duffy's Pure Malt Whiskey.

Mr. Weiblen served in the United States Navy during the War of the Rebellion and was in business twenty-two years in Cumberland, Wis., before he moved to St. Paul.

MR. AND MRS. F. A. WEIBLEN.

"It is true we have been using your malt whiskey in small doses for some time for kidney trouble, and have found wonderful benefit from its use. We shall keep it on hand for when occasion requires."—F. A. Weiblen and wife, 567 Forest st., St. Paul, Minn., July 11, 1906.

Duffy's Pure Malt Whiskey

is an absolutely pure gentle and invigorating stimulant and tonic, it builds up the nerve tissues, tones up the heart, gives power to the brain, strength and elasticity to the muscles, and richness to the blood. It brings into action all the vital forces, it makes digestion perfect, and enables you to get from the food you eat all the nourishment it contains. It is invaluable for overworked men, delicate women and sickly children, as it is a food already digested. It strengthens and sustains the system, is a promoter of good health and longevity, makes the old young and keeps the young strong. Duffy's is recognized as a medicine everywhere, and is guaranteed absolutely pure. Skilled chemists, whenever they analyzed it during the past fifty years, have always found it pure and possessing properties of great medicinal value. Our guarantee is on every bottle.

BEWARE of dangerous imitations and substitutes. They are positively harmful and are sold for profit only by unscrupulous dealers. Look for the trade-mark, the "Old Chemist" on the label, and be certain the seal over the cork is unbroken. All druggists, grocers or dealers or direct \$1.00 a bottle. Doctor's advice and illustrated medical booklet free. Duffy Malt Whiskey Co., Rochester, New York.

Let all the members of the church be present in good time. There will be baptisms tonight. All are cordially invited to attend.

Fire at Bottling Works.
An alarm of fire sent in about 6:46 o'clock Monday night called the Central and North End fire companies to George Bader's bottling works, near St. Clair and Clinton streets. Fire had broken out in a shed that was stored with all kinds of refuse material. The flames, however, were quickly extinguished with the chemicals and the damage amounted to comparatively nothing. The origin of the fire is a mystery, although it is supposed that it may have been caused by spontaneous combustion.

Golden Wedding Celebration.
Mr. and Mrs. Lyman Shaffer of East Lakeview avenue, Clintonville, Ohio, on March 12, will celebrate their golden wedding anniversary.

To Clean Ditch.
Some time ago an affidavit was made to the county auditor by J. T. Headley setting forth the necessity of cleaning the old Headley ditch between Lima and Jersey townships, and in Harrison township. The ditch is about 4,400 feet in length. The matter was heard by the county auditor on Tuesday.

Heart Strength

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak man in a hundred is in himself actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without this the heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription is alone directed to these weak and wasting nerve centers. It builds it strengthens; it feeds the genuine heart help. It not only has strong Heart strength, strong digestion, strengthen these nerves—re-establish them as needed, with.

Dr. Shoop's Restorative

R. W. SMITH.

GRANVILLE MAN CALLED.

Prof. Charles Judson Herrick and Denison university have been honored by the new president of Chicago university, Dr. Judson, who announces that the professorship of neurology has been offered the Granville man. While Prof. Herrick has not officially signified his acceptance of the offer, it is altogether probable that he will leave Granville.

Denison university has contributed twenty professors, instructors and officers to the great Chicago university, but in no instance has a man of greater force and influence and reputation been called, unless it was when President Harper appointed Prof. Herrick's brother, the late C. L. Herrick, to a professorship at Chicago. The two Herricks have done much for Denison, much for the world of science. Their reputation extends beyond the borders of America and their work is known in every scientific school in the civilized world.

All Granville, all the forces of old Denison, and all the friends of the Granville college will regret the departure of Charles Judson Herrick, but if he decides to accept the flattering offer that comes from the great school of the west, his legion of friends both here and elsewhere, will wish him God speed.

IT'S YOUR KIDNEYS.

Don't Mistake the Cause of Your Troubles—A Newark Citizen Shows How to Cure Them.

Many people never suspect their kidneys. If suffering from a lame, weak or aching back, they think that it is only a muscular weakness; when urinary trouble sets in they think it will soon correct itself. And so it is with all the other symptoms of kidney disorders. That is just where the danger lies. You must cure these troubles or they lead to diabetes or Bright's disease. The best remedy to use is Doan's Kidney Pills. It cures all ills which are caused by weak or diseased kidneys. Newark people testify to permanent cures.

Charles W. Cooper, employed at George Hermann's clothing store and living at 223 Hoover street, Newark, Ohio, says: "Backache distressed me continually for a long time. There was a dull aching in the loins and my back was very weak. Besides this I had trouble with the kidney secretions which were irregular and disturbed my sleep at night. I was usually just as tired in the morning as when I went to bed. Nothing I could get seemed to help until I began using Doan's Kidney Pills, procured at Crayton's drug store. I had heard a great deal about the wonderful action of this remedy on the kidneys and bladder, but I was greatly surprised by the quick effect in my case. I improved rapidly under the treatment until the pain in the back ceased and the action of the kidneys became natural. A few boxes made a complete cure."

HAT TRIMMED WITH LARGE PLUME AND VELVET RIBBON.

The model hat shown in the drawing was of sage green French felt, with a very long, full plume of the same shade gracefully arranged across the front and left side of the brim. Three inch wide velvet ribbon, in a warm, rather bright shade of brown, was arranged in a little plaited rosette in front, and a band of the ribbon was folded loosely across the back of the brim, but the rather high crown of the hat being left untrimmed. The brim was wider at the left side than at the right, and was tilted up, the bandeau being covered with plaitings of brown tulle.

DECLINED TO SAY WHAT PROPORTION OF ALTON STOCK

WAS OWNED BY HIMSELF AND ASSOCIATES, BEFORE THE COMMISSION.

STOCK MARKETS AFFECTED

E. H. Harriman Continues His Testimony Showing How He Obtained Mastery.

New York, Feb. 26.—E. H. Harriman, the railway king, was questioned about the financial operations of himself and associates before the interstate commerce commission.

Special counsel for the government made particular attack upon the reorganization and financing of the Chicago & Alton railroad by the Harriman syndicate and their action, with a challenge by counsel for the railroad of the right of the interstate commerce commission to inquire into the private transactions of an individual, constituted the two chief events of the proceedings.

There was an effort to show by Harriman's testimony and the records of the company that there had been an enormous inflation of the stock securities and liabilities of the Alton; that the Harriman syndicate had taken unfair profits by declaring a dividend of 30 per cent from the proceeds of the first sale of bonds, amounting to \$10,000,000; that the syndicate had sold itself the bonds at an unreasonably low figure only to resell them at an enormous profit; that the Harriman syndicate had in the Alton capitalized the losses of former stockholders in the road and the money which had been spent by the old management for betterments over a period of 10 years and already charged to operating expenses; that the books of the company had been doctored, and that for an increase of the stock and liabilities from roughly \$40,000,000 to \$116,000,000, there was nothing to show except an expenditure of \$22,000,000 in improvements of the property. Mr. Harriman's testimony was a denial of all charges.

By direction of counsel, Mr. Harriman declined to tell what proportion of the preferred stock of the Alton sold to the Union Pacific belonged to him individually, and the way was paved for taking the question into the federal courts. The point raised involves a material limitation upon the ministerial power of the commission, and is of serious importance to the whole question of interstate corporation investigation.

The main points which Harriman has revealed with disastrous effect are typical of all stock watering operations.

Harriman explained one of these when he told how, after the purchase of the Chicago & Alton railway, they went back over the books and found \$12,444,000 worth of improvements which had been paid for out of the earnings.

The second operation which sticks out prominently gives away one of Wall street's choicest secrets for making millions out of nothing. This was when Harriman organized a new company and through this company had his left hand sell the railroad to his right hand, immensely inflating it in the operation. The new company called the railway company distinct from the railroad company offered to take over the old stock, paying therefor \$10,000,000 and an addition \$40,000,000.

shares of stock in the new company. To raise \$10,000,000 to purchase the old company the new company issued \$22,000,000 worth of bonds. The new company also issued 195,000 shares of common stock and 195,000 shares of preferred stock in exchange for the stock of the old company. All the old bonds were taken over together with all the new bonds. The effect of this was that the outstanding bonds of the railroad which were only \$8,000,000 when Harriman bought it amounted to \$68,000,000 when Harriman got through with it, and there was also a great inflation of the stock issue.

Harriman claims that \$22,000,000 of this new capital went towards improvements, but admits the balance went to capitalize the future—in other words water.

Harriman caused a sensation by asserting that he secured the dismissal of President Stuyvesant Fish because Fish had deposited large sums of money belonging to the Illinois Central with trust companies which Fish was a trustee for the purpose of padding accounts Harriman brought those charges before the directors and Fish's resignation was demanded, he said.

STOCK PRICES DROP.

New York, Feb. 26.—The interstate commerce commission investigating the Harriman railway deals today, threatens the same effect upon railway interests as the Armstrong investigation had upon the insurance interests two years ago. Wall street to day reflects the situation in quoting gilt edge stocks at record low prices. Chicago, Milwaukee and St. Paul, which sold as high as 198 last fall, is down to 143 1/2. St. Paul is not directly involved in the Harriman exposure. Southern Pacific, a Harriman line, is selling at 91, the lowest price of the year.

THAW TRIAL

(Continued from Page 1.)

1903, and he said yes and was excused.

EVELYN'S DEALINGS WITH HUMMEL.

New York, Feb. 26.—The prosecutor in the Thaw case announced that he had practically concluded the cross-examination of Evelyn Nesbit Thaw, and that Attorney Abraham Hummel would be introduced to identify a photographic copy of the affidavit Mrs. Evelyn Nesbit Thaw is alleged to have signed and which charges Thaw with many cruelties during their 1903 trip to Europe. The district attorney got the contents of the affidavit before the jury by reading certain of its statements in the form of questions and asking Mrs. Thaw if she told such things to Mr. Hummel. In each instance she declared she had not. She also denied ever having signed such an affidavit, admitting that she had however, signed some papers for White in the Madison Square tower of whose nature she was not aware.

The defense, on cross-examination, will attempt to discredit Attorney Hummel, who is under indictment.

In cross-examination, Mrs. Thaw

said that before Thaw returned from Europe she went several times to dinners at the "Tower." Several times she went alone with White, trusting to his word there would be others

present. Mrs. Thaw also told of going to Philadelphia and returning with Angela Vincent, an actress.

"Did White tell you about Ethel Thomas?" "No."

"Who did?" "Abraham Hummel." The witness had never seen Thaw take cocaine, and did not tell Abraham Hummel she had, nor that Thaw had tried to administer cocaine to her.

Mrs. Thaw at the direction of Mr. Jerome repeated all the stories White had told her about Harry Thaw.

"So by the time he arrived in America you had to cease to love him?" "Yes, I thought it all very horrible."

Mrs. Thaw said her reconciliation with Thaw took place a few days before Christmas, 1903, when she went to dinner at the Cafe Beaux Arts on the invitation of Mazie Follette, and there unexpectedly found Thaw. Before this reconciliation, she said, Thaw sent her flowers, but denied he had ever sent her jewelry.

"Didn't you show Abe Hummel a diamond ring for which you said Thaw paid \$7,000?" "I did not."

"Have you such a ring?" "I have not."

Mr. Delmas objected to further questioning along this line, and was sustained.

Mrs. Thaw said that her friendship with White ceased about Christmas, 1903. "Did you receive any money from White after that date?" "I did not, in no way, shape or manner."

The witness admitted that she and Thaw sat down at a table in a restaurant with the man who told her that Thaw tied girls to bedposts and beat them.

"What was Thaw's manner toward this man?" asked Mr. Jerome. "Was it rational, or irrational?" "He was more or less amused."

Mrs. Thaw testified that she went with Thaw to the Grand hotel in January, 1904, and lived with him as his wife. One day, because of a conversation she had on the street with a woman, she left the defendant and spent the night at the Hotel York, returning to Thaw the next day.

"Did you let Mr. Thaw know at any time that you had held any improper relations with any other man besides Stanford White?" asked Mr. Jerome. "No," was the decided reply.

"How long did you stay at the Grand hotel?" "Until we went to Europe the second time. I think it was March 1, 1904."

"When you went to Europe what names did you travel under?" "Mr. Thaw traveled as Mr. Harry K. Thaw and I traveled as Miss Evelyn Nesbit."

This trip included visits to London, Paris and numerous Italian cities, and lasted until November.

"When you returned to New York where did you go?" "The Cumberland, I think."

"You had to leave the Cumberland?" "Yes."

"When you were directed to leave what was Thaw's manner?" "Rational."

"When you went to Abe Hummel's office you had a talk with him?" "Yes."

"Did you not tell him the details of your trip to Europe?" "Yes."

"Did you not tell Abe Hummel at that time that Thaw beat you with a whip?" "I did not."

"Did you not tell him that Thaw outraged you against your will?" "I did not."

Mr. Jerome continued to question Mrs. Thaw about her visit to Hummel, reading from a photographic copy of the famous affidavit. Mr. Jerome said that he would later submit the paper to the witness, but in the meantime he got practically the entire document before the jury by asking questions covering every one of its allegations. Mrs. Thaw declared she had not told Hummel the things alleged.

One of the incidents related in the affidavit which Mr. Jerome read was that while traveling in Europe Thaw had torn her clothes from her body and had beaten her, acting all the while like a person demented.

"Did you tell Mr. Hummel that Thaw threatened to kill you?" "I did not."

She denied that she told Hummel that Thaw had beaten her because she said that the statement that a married man had drugged and ravished her was not true.

Mr. Jerome then offered the witness the photographic copy of the Hummel affidavit. Mrs. Thaw said that the photograph reproduced a signature that looked like hers. Mr. Delmas objected to the use of the photograph until the original was produced or as counted for. Mr. Jerome said he would have to interrupt the examination to call Abraham Hummel and his stenographer to identify the photographic copy.

OUTDONE.

We have outdone ourselves this year in our preparations for the Spring Wall Paper trade. Our stock is in. We ourselves are surprised at its completeness, and more so at its size. We knew we were buying more largely than ever before, but since the paper is in, it is more apparent. The beauty of the styles, the richness of the colorings, and the artistic effects produced are gratifying in the extreme. This is not all that will appeal to you either. The prices at which we have marked our papers can't help but please you.

A good quality of paper nicely colored and printed, forty styles to select from, 5 cents per roll. Better ones 7 cents. Still better, 8 cents, and on up to \$8.00 per roll.

New Spring Wall Coverings Have Arrived

There is more individuality and art introduced into the beautifying of the home than at any previous period during the last hundred years.

Ideas and methods have changed—colors have altered, both individually and in association—conceptions of proportion, even have become modified and we find wall surfaces treated in a variety of ways undreamed of till recently. Greens and blues and pinks and yellows of freshest hues are now blended in quite a novel and pleasing way. The wall is at times divided to show a very deep frieze on which there may be a restrained amount of decoration, or a plain surface, according to fancy and the highest authority asserts that such an arrangement improves the proportions of most rooms.

MODERN METHODS and the most artistic wall papers of any time are available today, because many of the leading artists and designers of Europe and America have turned their attention seriously to the field of decoration.

Our Wall Paper Department is in charge of an expert in this line, and his services are ever at your command. Visit the department during this month if only for suggestions and ideas—you are welcome.

CITIZENS MEETING THURSDAY

Board of Trade Working Hard to Land New Industry But It Needs More Encouragement—Are You Willing to Lend a Hand?

The Board of Trade is now engaged in an effort to raise a fund to promote the growth and prosperity of Newark—a highly laudable undertaking that merits the support and co-operation of all citizens.

The Board has a definite object in view, and is placing before the people a plain business proposition that should appeal to everybody who has the interests of Newark at heart.

People who "knock" their home town may oftentimes be found among the heavy property owners—those of all others who should be first in doing all possible to promote the growth and welfare of the city; but at the present time the "knockers" are not confined to the holders of real estate, and the attitude of a number of people who ought to be lending a helping hand is discouraging the Board of Trade members who are working without compensation for the common good of the entire city.

The Board of Trade is using every effort to urge forward this needed subscription of \$12,000. To whose advantage is it? For whose benefit is it after all? It is to the advantage of every citizen, if not a taxpayer, yes, and if a taxpayer, doubly so. It is for the benefit of the entire municipality and its surroundings. It seems that if the local Board of Trade receives the due co-operation of the citizens at large Newark will continue to grow. The city will grow rapidly into prominence as it should. Every resident knows that Newark is so situated that all that is needed to make it one of the most prominent cities in the state within the coming few years.

is a little hustling to bring more big industries here.

That is just what the Board of Trade is now doing. There is nothing about the movements of the Board to be kept secret. The body is a representative one, composed of many of the best citizens who are known and trusted and whose influence and ability is not to be questioned for an instant. rue, the Board has met with some encouragement, and a number of firms and citizens have expressed their interest in a material way, but, the trouble is that there has not been enough subscriptions to keep up the spirit of the Board in making this big effort for Newark.

"The Ohio Rail Mill, managed by the L. B. Foster Co., of Pittsburg, and located at Newark, has opened with 160 men on the pay roll, many receiving as high as eight dollars a day. The output of the firm for the year is expected to reach \$1,000,000, as has a similar concern in Cumberland, Md."

Would not such a statement mean much for this city?

It certainly would, and it is going to be a reality, for the citizens are going to meet in the City Council chamber Thursday evening at 7:30, when this thing will be pushed to the front for all it is worth.

Let everybody attend this meeting and lend a helping hand. Let the fund be quickly subscribed. The proposition submitted by the Foster people has been fully investigated, and is endorsed by the Board of Trade. The location of this new industry will give a new impetus to business and its effect will be felt by all. Lend a hand.

BROTHER DIED FOLLOWING SISTER BOTH WITHIN THE PAST WEEK

Quite similar to the misfortune that has recently come upon the Holton family of Eden township, is that which has taken place in the family of Mrs. Susan Phifer, who conducts a boarding house at 19 Front street.

The latter part of the past week Mrs. Phifer received a message from relatives in Chattanooga, Tenn., stating that her sister, Mrs. Jennie Matthews, was in a serious condition and probably could not live. Before Mrs. Phifer could complete her arrangements to go to the bedside of her sick sister, she received a second message telling her that Mrs. Matthews had passed away. Burial took place soon after death, so the Newark woman was unable to attend the funeral.

On Monday morning Mrs. Phifer received a letter from Chattanooga, written by a niece, stating that her brother, William Davis, was seriously ill from pneumonia, contracted at the funeral of the sister, Mrs. Matthews. The Newark woman became much alarmed Monday when she received a message informing her that her brother could not recover. She at once arranged to leave for Chattanooga, but, the train being two hours late, she received a second message stating that the brother was dead. In spite of the shock, Mrs. Phifer left at 5 o'clock Tuesday morning for Chattanooga.

Mrs. Matthews and Mr. Davis both have acquaintances in the city, the latter having spent the summer of 1905 with his sister here.

HEROIC RESCUE OF LITTLE GIRL

MARGARET BRIGHT WAS SAVED FROM DROWNING BY HARVEY SHOEMAKER.

The Child Had Broken Through the Ice on the Canal in West Newark.

Little Margaret Bright, aged 12 years, a daughter of Mr. and Mrs.

Stephen Bright of 185 Wilson street, narrowly escaped death in the water under the ice of the "basin" at the looks near the junction of Union, West Main and Eleventh streets, shortly after noon Tuesday. She was dragged from the icy waters just as she was about to loosen her hold on the ragged edge of the ice to which she had clung for ten minutes or more.

Harvey Shoemaker, of 502 West Main street, an employee of the Plaine Department store, braved the dangers of the treacherous ice and pulled the little girl from the water in time to save her from drowning.

Little Miss Bright with a number of companions, all pupils of the West End schools, were skating on the basin. Some of the children had on ice skates, but most were merely sliding on the smooth surface of the basin.

Miss Bright was one of the latter and ventured too near the center of the basin, where the ice is quite thin. Suddenly her footing gave way and she dropped into the chilly waters.

The cries of her companions brought the assistance of several older persons, and Mr. Shoemaker was one of the first to realize the little girl's peril. She was in the water up to her shoulders and was grasping frantically at the edge of the ice, which would occasionally give way as she struggled to escape from the cold water.

Mr. Shoemaker quickly secured a long plank and placed it on the ice, and was thus enabled to reach the girl. She was nearly exhausted and in a moment more would have gone under the ice, probably to her death.

After being rescued from her imminent peril, she was hurried to the apartments of one of the occupants of the Corner building on West Main street, where she was revived. Restoratives were secured from the Egan pharmacy and though the little girl suffered considerably from the exposure it is believed that there will be no serious consequences from her experience. Later in the afternoon she was removed to her own home, where she is resting comfortably.

FARMERS' TELEPHONES TO BE INSTALLED

By New Company Chartered at Pataskala With a Capital Stock of \$25,000.

The Farmers' Telephone company of Pataskala has chartered Monday with a capital stock of \$25,000. The concern is backed by a large number of the prominent residents of that place and the purpose is to construct a local exchange to be allied with the Central Union Telephone company of this city. The new concern will use the long distance lines of the Central Union but in other respects it will be independent.

A. S. Headley will be general manager of the new company. It is said that a large number of the farmers in that section will install telephones.

Endorsed by the County.

"The most popular remedy in Otsego county, and the best friend of my family," writes Wm. M. Dietz, editor and publisher of the Otsego Journal, Gilbertsville, N. Y., "is Dr. King's New Discovery. It has proved to be an infallible cure for coughs and colds, making short work of the worst of them. We always keep a bottle in the house. I believe it to be the most valuable prescription known for Lung and Throat diseases." Guaranteed to never disappoint the taker, by Hall's Drug Store. Price 50c and \$1.00. Trial bottle free.

YOUNG LADY DYING RESULT OF ASSAULT

Mr. Vernon O. Feb. 26.—Emma Hoenshall, aged 21, is lying at the point of death as result of the brutal assault made on her by Ross Smith Sunday evening. Miss Hoenshall was returning home when the assault occurred. Smith is a married man, and it is claimed he wanted the young lady to run away with him, to which she would not consent, and the result was the attempted murder. Smith is still at large. He came here from Steubenville, and is an iron worker. He is separated from his wife.

ADDRESS

Adv.

Owing to the close race between the leading contestants, and in order to make it doubly interesting during the coming week, we are going to offer **A HANDSOME \$5.00 ROCKER, ABSOLUTELY FREE** to the contestant making the greatest gain in number of coupons turned in between 5:30 p. m. yesterday and 5:30 p. m. next Monday.

In doing this we do not pick out any particular rocker, but will allow the winner of it to select any \$5.00 rocker in our store. So ladies, do some hustling this week and win this additional prize. Remember, the lowest or the highest contestant has an equal show to win this prize, as it goes to the contestant making the greatest gain during the coming week.

Watch next Thursday evening's paper for next announcement of standing of contestants.

SPECIAL NOTICE TO CONTESTANTS

We had previously arranged to run a series of coupons in the Auditorium Theatre Program, same to begin with this evening's distribution, but owing to the seemingly dissatisfaction it has caused amongst a number of the leading contestants, and the fact that the entire next issue of theatre programs have already been printed, and the same cannot be withdrawn, we have in justice and fairness to all concerned decided not to count any of the coupons clipped from the Auditorium Theatre Program.

The coupons appearing in the theatre program do not bear our firm signature and can easily be discerned from those appearing in the daily papers.

Trusting that our action in this matter will meet with the approval of the numerous contestants and the public in general, we remain,

Yours very respectfully,

The RAYMOND PIANO
"Nearest the Human Voice"

What the Smiths didn't hear

Mrs. J.—Dear me, the racket of Smith's piano is something awful.

Mrs. B.—Is that the new one or the old square one they always had?

Mrs. J.—It's the new one—why the old one sounded sweet beside this new contraption.

Mrs. B.—Must be one of those patent cheap affairs.

Mrs. J.—No—I understand they paid a pretty good price for it.

Mrs. B.—Well if sound is any criterion, I'm glad I missed on a RAYMOND.

Mrs. J.—So am I.

You won't be talked about this way if you buy a RAYMOND—Your neighbors will be charmed when they hear its sweet, almost human voice. When they know it is guaranteed for 10 years but will last a lifetime, they will take a broad view of your good judgment.

Don't you want to know all the RAYMOND facts? Write to-day for our 24-page Piano Book, illustrated in colors and full of wise piano hints.

THE F. L. RAYMOND CO.
CLEVELAND, OHIO.

poned. We expect it will be taken up in April. If it finally falls through, I shall be open for one more fight. That will be with Nelson, if he does not fit to come to terms. If he does not, then I shall retire.

"I will be glad to leave the ring, bringing to Maryland the reputation of a standing championship and a retirement without defeat."

Gans will rejoin his show at Detroit March 3. Gans has discovered a new heavy weight. "Dr. John Krone, clubman, physician and referee and would-be fighter, looks good to me," said Joe.

"I met Dr. Krone when I was in Chicago lately. He confided in me that he thought something of his own abilities, and that he had been quietly practicing for many days. I candidly believe that Dr. Krone can take care of himself with any of the present heavy weight division, and I think I can rake up \$10,000 to place upon his chances."

LAJOIE'S PLANS.

Cleveland, Feb. 26.—This is get-away-day week for the slab men of the Cleveland team. Just how many of the men will get away is another matter, for so far the Joss-Rhoades-Hess tangle continues to keep raveled without a change in sight. So far as Lajoie is concerned, there will be no cross country running nor three or four mile jaunts among the Clevelanders this spring. The mogul believes that the team should get its training on the ball field and not over the hills or through country lanes.

Balky Ballplayers.

Chicago, Feb. 26.—The New York National league baseball team left here for Los Angeles, Cal., where the players will be put in condition for the playing season. Centerfielder Mike Donlin did not join the team here, and declared that he would not sign a contract unless he was given an increase in salary over last year. Catcher Bowman and J. E. Mulvey, a utility man, are also holding out for more money and did not make the trip.

American League Schedule.

Chicago, Feb. 26.—The playing schedule of the American league, which was given out for publication, shows that each club is to play 154 games. The season will open April 11, when Chicago will be in St. Louis, Cleveland in Detroit, Boston in Philadelphia and New York in Washington. The last games will be played Oct. 5.

IN FIRST ROUND

English Champion Puts His Adversary On the Hammer.

London, Feb. 26.—Every seat in the National Sporting club was filled to witness the most important boxing match of the season, for the heavy-weight championship of England and a purse of \$6,700. "Gunner" Jim Mori, the present holder of the title, had the advantage of 14 pounds in weight and nearly three inches in height. He proved an easy victor, knocking out "Tiger" Smith, late of the Tenth Hussars, in the first round.

Planning Checker Tourney.

Marysville, O., Feb. 26.—Arrangements are being made for a big checker contest between Marysville and Bellefontaine players in the near future. There will be four of the best players of each town on a side and the games will be played in Armory Hall. C. C. Clark of Columbus the champion of the state, will be extended an invitation to come and give another exhibition of his playing on this occasion. The Marysville players will be Captain James B. Cole, Earl Wilson, Clifford Clark and Dr. Young.

Basketball League.

The first game of the Monday Night league was played last night. The Wrustlers were defeated by the Lutherans by the close score of 23 to 21. The first half ended with the score 4 to 13 in favor of the Lutherans. Captain Lytle rallied his men and made a few changes in their positions which greatly strengthened his team. The last ten minutes of play the game was very exciting for the Wrustlers climbed up to 2 points in the lead, but two baskets scored for the Lutherans clinched the game for them in the last minute of play.

If all the games are as fast and close as the one in last night's contest, there will be some great games played before this schedule is played out.

Next Monday the Wolves will play the Midgets, while Methodists will play the Never Wins. The games start at 8 p. m. sharp.

ED. BANG GOES TO CLEVELAND NEWS

On Saturday of this week F. F. Bang, sporting editor of the Youngstown Telegram for the past 13 months, will sever his connection with that paper to accept a position with the Cleveland News.

Mr. Bang will be in the sporting department and will be associated with Grantland Rice, one of the best sporting editors in the country. During his connection with The Telegram Mr. Bang has achieved more than a local reputation as a writer of and an authority on sporting matters.

It is suggested by the London Globe that should the Cunard Company be hard up for a name, following on the lines of the Lusitania and Mauretania, it might call its next steamship Rule Britannia.

PRESCRIPTION FOR THE BLOOD

A MIXTURE WHICH ANYONE CAN PREPARE AT HOME.

Relieves All Forms of Blood Disorders, by Restoring Proper Action of the Kidneys—Cures Rheumatism.

All medical authorities are agreed that the blood is the great source of disease or of health in the human system. If the blood is pure, the individual is strong and healthy, if the blood is impure or diseased then there is sickness or decay in the whole system.

Rheumatism is strictly a blood disease. It is caused by excessive uric acid. Sores, pimples, etc., mean bad blood. Catarrhal affections must be treated through the blood to get permanent results. To get well, to feel strong, hearty and vigorous one must have good clean blood and lots of it. You can't clean the blood thoroughly unless the kidneys are made active. Bad blood means clogged, inactive kidneys and liver which causes, too, such symptoms as backache, nervousness, bladder and urinary difficulties and other sympathetic troubles.

Here is a simple home remedy and the prescription for making it up is as follows:

Fluid Extract Dandelion one-half ounce, Compound Karsan one ounce, Compound Syrup Sarsaparilla three ounces. Shake well in a bottle and take in teaspoonful doses after each meal and again at bedtime. The ingredients can be obtained at any good prescription pharmacy at small cost.

Here the readers of this paper have a simple yet powerful and effective remedy for all forms of blood, kidney and bladder diseases which should relieve rheumatism and catarrhal affections and replace that weak, worn-out, indifferent feeling with strength, vigor and health.

This prescription is considered a fine system renovator and being made of vegetable extracts only is harmless and anyone can mix it at home. Try this anyway before investing in the secret unknown concoctions of the patent medicine manufacturers.

HARDWARE MEN'S STATE MEETING

Opened in Columbus Tuesday, Exhibitors From All Over Ohio Being Participants.

Columbus, Feb. 26.—Hardware men from every corner of the Buckeye state are in Columbus today. It is the annual meeting of the Ohio State Hardware Dealers' association.

Early yesterday the representatives began arriving and at Memorial hall an animated scene was soon in progress. There were many good words for Memorial hall. The hall has seen many changes within a few days. First, Bryan came and thrilled his thousands of hearers. Then the police-men's ball was on the card, and yesterday carpenters and other mechanics were swinging hammers and making ready for the exhibits of the hardware men.

The blows of the hammers resounded throughout the vast auditorium and the booths and the bunting were soon in place.

Twenty-five hundred members with their families are expected in Columbus.

Principal Causes of Constipation

Constipation depends on a number of causes, the most common of which is following a sedentary life, totally devoid of the exercise necessary to keep the intestinal and liver secretions in an active state.

Constipation is nothing else than bad drainage. Just as malignant diseases result from the imperfect drainage of a house, so do Stomach trouble, Headache, Backache, Colds, Rheumatism and Biliousness result from the body drainage being clogged with waste products and body poisons.

Physicians unload the bowels, and give temporary relief, but are too strong in effect. They stimulate the secretions of the intestines, which make the stools voided, loose and watery, and leave the bowels weak and lifeless, and unable to act naturally.

Laxative Iron-ox Tablets nourish the bowel muscles and nerves so that they have the strength and vigor to do the work nature intended. They act like nature because their ingredients are of the same essential elements, as the natural secretions of the intestines, liver and kidneys.

Laxative Iron-ox Tablets stimulate the secretions of the liver, so that the bowels receive the bile (bowel lubricant) necessary to produce that warm like motion, called Peristalsis, which causes evacuation with perfect ease and comfort. They are an Ideal Tonic Laxative.

WRITE FOR FREE SAMPLE. THE IRON-OX REMEDY COMPANY, DETROIT, MICH.

bus by tonight. Many arrived last night and many more today. The exhibitors form no small part of the general gathering. One hundred and fifty firms are making displays of their wares, which include most everything from a rat trap to a gasoline engine.

The exhibit will be open to the public every day from 9 o'clock in the morning until 1 o'clock, and from 4:30 o'clock to 9 in the evening. It is planned to hold the meetings when the exhibits are not open.

PLAYERS SLOW IN SIGNING PAPERS

SEVERAL MEN ON RESERVE LIST ASK FOR BIG INCREASE IN SALARY.

Some Will Find Themselves Out in the Cold if Contracts are Not Forthcoming.

The Newark baseball officials are experiencing some trouble with a number of the old players whose names were on the reserve list after the close of last season. These players are delaying the signing of their contracts pending the consideration of their demand for more money. Several have made demands which were not supported by the most satisfactory results on the diamond last season and the directors are not inclined to listen to their cry for an increase.

In the meantime Manager Berryhill has been instructed to go ahead and sign players for the positions held by these players and if they do not come to time before the reporting day rolls round, some of them will find themselves out in the cold.

One of the players was granted an increase of \$25 per month without asking for the raise and this season the same player wants a \$50 raise.

A meeting of the board of directors will be held tonight when a number of questions will be up for consideration.

RUB IT IN! Is what you have to do with Penn Liniment. You will obtain full satisfaction for your "pains," which will cease. Price 25c at all druggists.

A passerby called out "Police!" A neighbor summoned the patrol. The janitor he hollered "Fire!" And things were doing—on my soul! The cops en masse tore (?) on the street, The hurry wagon broke away! The firemen and the "Rescue Hose" They quickly came from Station "K!"

Before the house the trembling crowd Drank in with fright the awful roar! Gad zooks! So wild the screaming was None dared to break the outer door! Full half the populace was there And almost tumbled in a fit When Jones announced the scare was off—

"Twas only seven playin' 'Pit'."

AMUSEMENTS

GIRL OF THE SUNNY SOUTH.

As sweet as magnolia blossoms and as pure as the driven snow is the story of the latest of successful romances, "The Girl of the Sunny South." There is a breeziness that is most refreshing to the jaded palate of the theatergoer in witnessing a performance of such intrinsic dramatic merit. The play is interspersed with many new and up-to-date specialties, and the plantation revels by the famous Cotton Blossom quartet are a feature in themselves. The scenery is most adequate and very picturesque, and taken all in all "The Girl of the Sunny South" is one of the most acceptable offerings of the dramatic season. At the Auditorium tonight.

A FIGHT FOR LOVE.

Bob Fitzsimmons in Hal Reid's great play, "A Fight for Love," will be seen at the Auditorium Wednesday, February 27. This is not a play for which everything is claimed, but it has proven itself to be a thoroughly strong entertainment of the melodramatic kind. It is of that order of plays that thrills one moment by its highly wrought up scenes and situations and the next plunges an audience into laughter by its amusing comedy. There is no straining for effect in this play, all of its exciting scenes are the natural working out of a well conceived plot. Among the strong scenes introduced are the blacksmith shop in which Mr. Fitzsimmons makes a real horse shoe and nails it to the horses' hoof in view of the audience, a realistic gymnasium scene in which Bob introduces his wonderful bag punching, and incidental to the play, a three round

glove contest between Mr. Fitzsimmons and his sparring partner which makes them "sit up and look." The cast is an exceptionally strong one, including people from the best ranks in the profession. Not one piece of house scenery is used for the production. The company, which is under the direction of Mr. Matthews, carries everything including properties and electrical effects.

VIRGINIA HARNED IN CAMILLE.

That powerful old story of a wicked woman with a noble soul, of a love that never realized its dream, and of a life blighted and darkened until its end, Camille, presented by Virginia Harned and William Courteney at the Auditorium theater last night, was decidedly well acted and served to a great extent to replace Miss Harned upon the platform of favor from which she appeared to have been dragged by "The Love Letter" in which she was seen here a short time ago. Little can be said of the play, Camille, and while it is flatly turned down by many from a literary standpoint, it cannot be denied that the work presents many of the most striking morals. Among the many teachings of it may be mentioned that principal thought about which the story centers—the torture of a sinful, worldly life—still another, that love, true love, is unconquerable; and a third, that great and helpful thought of the final happiness of all souls, even though they may be wicked during earthly life and may many times suffer the pains of torment, yet be restored to happiness.

Miss Harned portrayed the character of Camille in a manner that was captivating after she got into the spirit of the piece, which was not until after the first act. But, in the succeeding act her whole soul went into the work so earnestly that one could feel like settling back in his

seat and permitting her to live the life in his presence until the final curtain, thoroughly satisfied. Mr. Courteney, playing opposite to Miss Harned, also bloomed before the little nervous audience of Monday night. Many who had never seen Mr. Courteney do anything that showed up his ability were most heartily surprised to see him in the role of Armand Duval. After seeing Miss Harned and Mr. Courteney, with the well balanced company, appear in this piece, few can wonder why Miss Harned is liked in that city of critics—New York.

Immediately upon starting to use the Pyramid Pile Cure the patient will find the congestion relieved and the swelling diminishing as well as the disappearance of that awful sense of itching.

Read the record of this wonderful cure:

"I bought 5 boxes of Pyramid Pile Cure just before leaving the U. S. for the P. I. last May. I had as bad a case of piles as there could be. I suffered from piles since the early spring of 1900. I contracted the piles from a mild case of dyspepsia in Luzon, P. I. and carried them all around the island, China, Japan, and back home for four years. I used all kinds of pile cures known but I could never get a cure or even a few hours' relief, till in March, 1905, a friend gave me the Pyramid Pile Cure and it gave me instant relief. I used five boxes all told and not a visible sign of Piles have I now. I don't know how to begin to thank you. I remain, your faithful believer in Pyramid Pile Cure. T. T. Heffner, Co. 1, 9th Inf., Manila, P. I."

There is no method so safe or so inexpensive. If you are a sufferer from this disagreeable, distracting, painful and dangerous affliction, write us for a free trial package which we will send to you at once. We are sure that you will be so greatly helped that you will continue to use this treatment until cured. WAR CORRESPONDENT DIES IN POVERTY

Chicago, Feb. 26—Once regarded as one of the greatest war correspondents and journalists of his time who gained his first fame when he traveled across British India for a London paper in company with the Prince of Wales, now King of England, Malcolm MacPherson, 59 years of age, died at the county hospital in abject poverty. Death came to the man shortly after he had been removed to the hospital from his room in a ten cent lodging house in Clark street. He had suffered from pneumonia.

MacPherson's fame had long been forgotten and he struggled against poverty by contributing verse and fiction to monthly magazines. MacPherson was born in Aberdeen, Scotland.

ATTENDANT PLEADED GUILTY. Athens, Feb. 26—Wm. J. Blackburn, former attendant at the State Insane Hospital, indicted last week by the grand jury for assault and battery on Chas. Acton, a patient, changed his plea today to guilty. He was sentenced to 10 days in the county jail and fined \$20.

Y. M. C. A. NOTES

At Home and Abroad.

The Hamilton, Ohio association has received a bequest from Mr. D. L. Howell, whose death occurred a month ago. The story is something like this: He had never manifested any particular interest in the association, but dropped into it one day and saw the younger boys, the youngsters between 12 and 17, at work and play, and it occurred to him that there was something worth while in it. Then he inquired around and found that his observation was not unlike that of other folks in Hamilton, and took the most practical way to help it along. A few months ago, when in apparent good health, he called the secretary to his office and told him he was about to rewrite his will, and was very anxious to leave his money to the institution which could give the greatest help to the city. He had thoroughly investigated the principles and methods of the Young Men's Christian Association and it appealed to him, to use his own words, "as an organization for the people and not for a class or particular crowd." He had investigated all other local institutions, and decided that through the association his purposes could best be carried out. One hundred and fifty thousand dollars was the amount of the legacy.

With more than \$26,000 beyond the limit set, the Richmond, Va., association completed in 30 days a campaign for \$200,000. In the last hour of the canvass, in which the best men of the city took part, while speeches were being made, Mr. Bryan, the leader, was called to the telephone and informed that Miss Helen Gould had just called a pledge of \$25,000 toward the new building. The applause was deafening.

"Finding from actual results in the improved morale of the service that its investments during the past 30 years in railroad associations for the benefit of its employees have brought large returns, the Pennsylvania railroad is developing this phase far beyond anything hitherto undertaken by a corporation. The company has been under the necessity of dismissing fewer men for intoxication and reprimanding them less often, largely for the reason of the influences spread by the Y. M. C. A.," so a Philadelphia press correspondent states.

Philadelphia Association men have united to make athletics count for healthy living and clean playing in the city. The Atlantic Section centering there had become so notoriously bad that the A. A. U. and the A. I. N. A. had disbanded it. After a year several clubs which stood for clean sport united with the Association and reorganized the Atlantic section. It has been reinstated. Association men will use the balance of power they hold in the governing body for enforcing fair play. Leading Association physical directors have been elected to important offices. They will attempt to furnish wholesome play-

Rheumatism

is caused by tiny grains of uric acid sand in your joints or muscles, which scratch and irritate your nerves in a thousand places. At first you only feel a twinge now and then, in the foot, leg, shoulder, back, or elsewhere. But in time, as the deposits of uric acid sand increase, chronic rheumatism results and cripples you with pain. Uric acid is a part of the body's waste, and is being produced by the tissues all over your body all the time. If your blood is weakened by cold, injury, infection, or any other cause, or if you eat more—particularly meat—than your tissues can use, the waste matter is not thrown out through the kidneys fast enough, and uric acid accumulates. One of the world's greatest scientists, Alexander Haig, A. M., M. D., Oxon., F. R. C. P., of England, says:

"Every man who eats ordinary diet with meat twice a day, will, by the time he is 35 or 40, have accumulated 300 to 400 grains (weight) of uric acid in his tissues, and be subject to chronic rheumatism."

Once uric acid sand has a hold, your blood unaided cannot remove it. YOU MUST GIVE IT LIFE PLANT! LIFE PLANT is Nature's own weapon against uric acid. Given LIFE PLANT, which has the power of dissolving uric acid sand, your blood will thoroughly clear your body of the cause of rheumatism and other uric acid diseases. Thousands of unsolicited testimonials prove what LIFE PLANT will do. Read this:

"I was afflicted with rheumatism in my knees and arms, which were so bad, swollen that I was obliged to crawl up and down stairs and almost unable to do any work. I also suffered a great deal of pain at night. After I had taken four bottles of Life Plant I was entirely cured, and have not suffered since. I heartily recommend it to any person afflicted with rheumatism."

THE VALUE OF PERSONAL KNOWLEDGE

Personal knowledge is the winning factor in the culminating contests of this competitive age and when of ample character it places its fortunate possessor in the front ranks of

The Well Informed of the World.

A vast fund of personal knowledge is really essential to the achievement of the highest excellence in any field of human effort.

A Knowledge of Forms, Knowledge of Functions and Knowledge of Products are all of the utmost value and in questions of life and health when a true and wholesome remedy is desired it should be remembered that Syrup of Figs and Elixir of Senna, manufactured by the California Fig Syrup Co., is an ethical product which has met with the approval of the most eminent physicians and gives universal satisfaction, because it is a remedy of

Known Quality, Known Excellence and Known Component Parts and has won the valuable patronage of millions of the Well Informed of the world, who know of their own personal knowledge and from actual use that it is the first and best of family laxatives, for which no extravagant or unreasonable claims are made.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent family laxative. As its pure laxative principles, obtained from Senna, are well known to physicians and the Well Informed of the world to be the best we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of—Syrup of Figs—and to get its beneficial effects, always note, when purchasing the full name of the Company—California Fig Syrup Co.—printed on the front of every package, whether you call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna.

grounds and organize sport among the boys and men of the schools, factories and stores, churches and Sunday schools.

The following monthly report to the board by the secretary gives some idea of the extent of the work in several departments:

Number using the gymnasium during January, 1930. Number bowling, 742. Number games pool weekly, 1250. Daily average attendance at building, 300. Baths, weekly, 800. Attendance at night school, weekly, 200. Sunday boys' meetings, average, 166. Sunday men's club, 26. Men's meeting attendance, 350.

Several boys' departments have established savings banks for their members, with the idea of inducing the boys to save some of their spare pennies and loose pocket money which they will blow in for candy, chewing gum, and other objects of youthful delight.

The local canvass for subscriptions to the current expenses is progressing nicely. About \$1,000 has been pledged. Something over \$2,000 is needed to meet the necessary improvements and provide for the enlarged work that is being conducted.

CURTIS BEFORE GRAND JURY.

Dayton, O., Feb. 26—David Curtis, the self-confessed murderer of Dona Gilman, was before the grand jury this afternoon. His attorneys kept Curtis off the stand in his preliminary hearing. The grand jury this morning went to the home of Squire Wagner, who is sick in bed, to secure his testimony. Wagner is the magistrate who bound over Mrs. Gilman and Collins Gilman on the charge of being accessories to the murder of Dona Gilman.

BUSSE GETS NOMINATION.

Chicago, Feb. 26.—As a result of the Republican primaries held here yesterday, Fred A. Busse, postmaster of Chicago, will be the up-nominee choice of the party for major at the spring election.

The nominating convention will be held just as soon as Mr. Busse, who was injured in a railroad accident in Pennsylvania, returns to Chicago.

The mayor's term has been extended to four years, and a spirited fight is expected between Mayor Danne, Democratic nominee, and Mr. Busse.

Southern Philippines were ravaged by a cyclone. Two hundred persons were killed and thousands rendered homeless.

STEAMER BRINGS COOLIES

San Francisco, Feb. 26.—The steamship Mongolia arrived Monday from China via Honolulu with more than three hundred Japanese coolies (hundreds of local Japanese, who evidently feared that the coolies would be deported, congregated around the dock, but as the big steamer did not pass through quarantine until after dark the seaborne passengers will not be landed until today. Immigration Commissioner North said that he had received no orders to hold any of the Japanese.

The Limit of Life.

The most eminent medical scientists are unanimous in the conclusion that the generally accepted limitation of human life is many years below the attainment possible with the advanced knowledge of which the race is now possessed. The critical period, that determines its duration, seems to be between 50 & 60; the proper care of the body during this decade cannot be too strongly urged; carelessness then being fatal to longevity. Nature's best helper after 50 is Electric Bitters, the scientific tonic medicine that revitalizes every organ of the body. Guaranteed by F. D. Hall, Druggist, 50c.

Miss Fannie McWamee. RESTORES your HAIR to its NATURAL COLOR.

Miss Fannie McWamee, Lake Geneva, Wis., writes of HAIR HEALTH: "My hair had been gray ever since I was sixteen years old. It started to get gray right on the crown of my head, was dry and full of dandruff, and my scalp itched dreadfully. I used HAIR HEALTH according to directions, and my hair is now soft and glossy, and very few gray hairs left. I do not think I could get along without HAIR HEALTH now, for it is such a fine hair dressing. Guaranteed perfectly pure."

A black and white line drawing of a woman in a highly ornate, historical-style dress. The dress features a full, ruffled collar, long puffed sleeves with ruffles, and a long, flowing skirt with intricate patterns and a wide hem. She has dark, curly hair and is holding a small object in her right hand.

Many of these are our own importation—some containing only from one to two dress patterns, consequently cannot be duplicated later in the season. We strongly urge our customers, who have not considered these lines to do so as early in the season as possible.

We are placing on sale this special lot of fine laces, ranging in width from two to five inches, consisting of Normandy Vals, Torchon and Novelty Laces—all of excellent quality and very pretty patterns. Regular 8 and 10c values.

Our embroidery sale has been very successful, owing to the splendid quality and handsome patterns which we are offering at such low prices. Our regular line of fine match sets, allover embroideries, and deep flouncings is now complete, and if you are considering a fine white dress or dainty shirt waist, we advise you to make your purchases before many of these lines are broken. Our order for fine embroideries was placed over a year ago, and if necessary to duplicate later in the season will be very much higher in price owing to the constant advance in prices in the embroidery market.
